

# EMERGENCY CALL 4 MEDICAL AID

1. When dancer goes down, a second dancer attends to him/her.

2. The remaining couples join hands and take a step backward. This will allow the injured person and the attendant air and room.
3. Raise joined hands as high as possible in the form of an arched circle.
4. On seeing this signal, the caller or hall monitor will immediately respond and place an **Emergency Call for Medical Aid** if required.  
Caller and dancers should continue as usual while aid is administered.
5. It is a good idea for everyone to always have your medical information on your person or in your wallet/purse.
